

Kyles Hundo

Page 21

Start: Merced

Water: Merced, Don Pedro, Gas Station at Merced Falls Road & Snelling

Time: About 5.0 Hours

Description: Called Kyles Hundo, because Kyle thought it was "about 100 miles," so he put on a century one year to benefit MS. The ride is mostly rolling hills with one climb up to Don Pedro Dam on Hwy 59 just past LaGrange. This is also the portion of the ride with the most cars on it. Once to Don Pedro the ride climbs pretty well over the dam and on longer rollers over to Merced Falls Road. Once over the walls on Merced Falls Road the ride goes gently downhill with a tail wind back to Merced Falls, then flat back to Snelling. Then tail wind back to Merced. Great fat burning-long training ride.
